The earthquake cannot shake the
ground
that I am walking on
The path I take is safe and sound
because I am built on the rock

My house is fixed upon this place
'cause God is moving in
No outside force will budge these walls
because I am built on the rock
because I am built on the rock

Wood and metal, stone and brick
Blueprints and some land
Mix together and you'll get
life in Jesus' hands
Saw and hammer, power drill
Build it up to stay
Work real hard to do God's will
Add more every day

The earthquake cannot shake the
ground
that I am walking on
The path I take is safe and sound
because I am built on the rock

My house is fixed upon this place
'cause God is moving in
No outside force will budge these walls
because I am built on the rock
because I am built on the rock

(piano solo)

Wood and metal, stone and brick
Blueprints and some land
Mix together and you'll get
life in Jesus' hands
Saw and hammer, power drill
Build it up to stay
Work real hard to do God's will
Add more every day

The earthquake cannot shake the
ground
that I am walking on
The path I take is safe and sound
because I am built on the rock

My house is fixed upon this place
'cause God is moving in
No outside force will budge these walls
because I am built on the rock
because I am built on the rock
